Subject: Agenda for Meeting with U.S. EPA

Good afternoon, James – We look forward to speaking with you and your colleagues tomorrow.

I wanted to reach out and make sure we're on the same page about what we hope to accomplish tomorrow.

We'd suggest a simple agenda as follows:

- Introductions
- CDPH and EPA opening remarks
- Health Impact Assessment – EPA presentation
 - What is an HIA?
 - Examples of HIAs
- Q&A
- Next Steps

We'd appreciate knowing if Dr. Arwady or another CDPH official would like to speak in the opening remarks section before handing it off to EPA.

Per Megan's email, we will plan on discussing EPA's experiences with other HIAs and the support we provided. Our objective after this meeting is for us all to have a shared understanding of HIAs and EPA's capabilities so that CDPH will have the information it needs to decide how to proceed.

Please let me know if this meets your expectations.

Thank you,

Ronna Beckmann
